

If you have access to a machine-readable version of this issue of the newsletter in the format you selected, we would love to receive a copy from you for inclusion on the web site. Please email it to WOJT at tcrc.org as an attachment. We can definitely handle Microsoft Word documents, and Adobe Acrobat PDF files. Other files (such as Microsoft Publisher) can probably be accommodated with greater difficulty. We cannot handle files in Adobe PageMaker format, but if you have PageMaker, you should have no difficulty turning the file into PDF format, which we can handle directly.
